

## **Classic Germany**

**Bavaria and the Black Forest. From the Alps to the Rhine. Castles and Wine.**

**Let us show you the country where we grew up. We have combined some of the most scenic routes in Germany and guests are in for an absolute treat on this trip.**

**We will meet you near Munich, Germany's most beautiful and friendly big city. From here we will shuttle into the foothills of the Alps. On this trip you will experience 3 very distinctly different regions of Germany, from the Alps and its lovely front ranges to the famous Black Forest and then on to the wine and castle regions of Mosel and Rhine river valleys. The first day takes us from the Alps past Germany's most beautiful castle into the lovely Allgaeu mountains. From here we will traverse the Black Forest on the Black Forest High Road. Finally our the last stages of this tour will take us through Germany's famous wine growing region, the Mosel valley with all its picturesque towns and castles to the Rhine River at the German Corner in Koblenz.**

Arrival Day: Arrive the day before the tour in Munich and get your bikes in the evening.

Day 1: We will drive out of Munich into the Alps and start cycling in the shadow of Germany's highest peak, the Zugspitze past the famous castle Neuschwanstein into the Allgaeu mountains.

Day 2: We cycle past many picturesque towns through beautiful Allgaeu landscape to Lake Constanze. A transfer by bus takes us to the Blackforest in the evening.

Day 3 and Four: We cycle much of the Black Forest High Road from famous Titisee through the beautiful Glotter Valley and on to the well know spa resort town of Baden-Baden. You get some time to relax in the spas that already soothed weary Roman soldiers muscles 2 milleniums ago.

Day 5 and 6 We have to do a longer van transfer to Trier, the old German Kaiser city. In the afternoon we will start cycling out of the city along the beautiful Mosel River. The river meanders through the Vulcanic Eifel mountains and is dotted with beautiful medieval towns and overlooked by many of Germany's famous castles. Some serious wine sampling is in order and we will ride up to Burg Eltz for a visit.

Day 7 We will continue cycling along the Mosel River into Koblenz and finish the cycling tour on the confluence with the Rhine River at the Deutsche Eck (German Corner) monument, a fitting place to end a bike tour of Germany.

We will then arrange for your transportation to Frankfurt International Airport. If you want to stay on in Germany we suggest you take a cruise on the Rhine River. Koblenz is the perfect starting point for that.

**2008 Price**

\$2495 CAD Trip Price

\$ 600 CAD Single Supplement Fee

\$ 225 CAD Bike Rental

(there is no tax on these prices)
